

Flipper Tag Word Scramble

Flipper tags have numbers and letters on them (such as RRY 105) that help biologists identify sea turtles. Usually, the flipper tags don't spell words, but the tags below will if you unscramble the letters. Then circle the items that are bad for sea turtles to eat.

1. _____

2. _____

3. _____

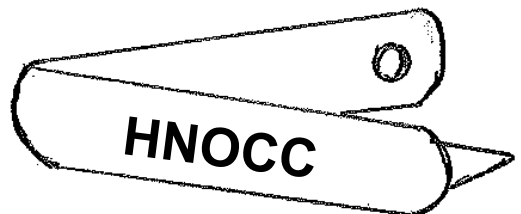

4. _____

5. _____

6. _____

7. _____

8. _____
